Benefits

Celebrating arts and culture is essential to educating the 'whole child.' By finding the middle ground between cultural groups in a friendly and supportive setting, you support understanding that can alleviate community stress. Arts and heritage celebrations foster a sense of community and personal pride, and are often a meeting ground between generations. The conversations that arise in these events often support other partnerships between the school and the community.

According to the CT Department of Economic and Community Development's Office of the Arts, the arts are integral to building and unifying our communities, "63% believe the arts lift them up beyond everyday experiences; 73% believe the arts are a positive experience in a troubled world; 62% believe that the arts help them understand other cultures better; and 67% believe the arts unify their communities regardless of age, race, and ethnicity."
