Actions Implemented

Each approved action and supporting documentation for which Old Lyme was approved for in 2021 appears below. Please enjoy this opportunity to view and learn from the information and materials provided.

Notes: Submission content was created by Old Lyme, and Sustainable CT makes no claims, promises or guarantees about the accuracy, completeness, or adequacy of the submission, beyond that an individual reviewer approved at least some elements of the action for certification. Further, standards for actions below may have changed, and the documentation listed may no longer satisfy requirements for that action. Finally, approved actions here may include some documents and descriptions in support of action elements that were not approved, in addition to elements that were approved. In preparing your own application, please rely only on the action write-ups for the current certification year to guide your submission. Please contact info@sustainablect.org with specific questions.

Documentation Details: 2019 Submission: See "6.1.6_Overview_OldLyme" for submission requirements including before and after photos. Additionally, "Action 6.1.6 Soundview Project Article in The Day" is an article from The Day that gives additional descriptions about the project effort. 2021 Submission: We have added 6.1.6 Worksheet #1 for the project described in the 2019 submission #2 2021 Submission: This is a new Complete Streets project, completed during the summer of 2021. Photos of before and after are included in the 6.1.6 Worksheet #2 Old Lyme Sound view Gateway Improvements. 2018 Minutes from the Sound View Commission and a 2012 public presentation on improvements to Sound View are shared to document the longtime ongoing work of the committee members.

Partners: 6.1 (implement complete streets) 2018: The Sound View Commission helped secure a federal grant for the project. 2021 New submission: The Town of Old Lyme received a Community Connectivity Construction Grant of \$400,000 from the State of Connecticut in 2019 to provide safe pedestrian connection from where the complete street project #1 left off on Hartford Avenue and provide connectivity to businesses and the police station on RT 156/Shore Rd., known as "the Sound View Gateway."

Additional Information: 2018 Project description: Old Lyme improved Hartford Avenue in Sound View with the addition of street furniture, wheelchair ramps, newly planted trees, sidewalks and roadway surface treatments, bump-outs, shared lane marking, and bike parking. Town held a public meeting on June 18, 2016 about the potential for a bike route and other improvements. Old Lyme celebrated the completion of these improvements on May 4, 2018. 2021 Project description: Construction in the 2021 Sound View Gateway project included: • New (not expanded) 5 foot handicap accessible sidewalks, crosswalks, • curbing, • seeding, and • "share the road" lane markings. These changes provide a direct sidewalk connection for pedestrians to walk safely from an elementary grade school $\frac{3}{4}$ miles away to the Sound View Public Beach, restaurants, the Little Free Library, and to the famous Carousel Shop. In addition, there was consensus from businesses located within the project area that safely connecting the beach to their businesses would be a positive change for their business.
