

10.1 Implement Your Own Sustainability Action

5 Points

10 Points

15 Points

20 Points

Objective

Innovate and implement meaningful sustainability actions not yet listed on the Sustainable CT action list. Become a model for others!

What to Do

1. Collaborate within your community or take a regional approach to implementing a sustainability action not listed on the Sustainable CT action list. Activities that are used to earn points toward this Action may not be used to earn points toward any other Sustainable CT Action (5 – 20 points, depending on impact).

Submit: Describe your innovative sustainability action, how you accomplished it, who participated, and how it will benefit your municipality(ies). Upload additional materials (documents, photos, weblinks or other information) to substantiate that you have completed the action and provide a model for other municipalities.

Note: If your proposed action fits better within an existing Sustainable CT action it will not be awarded points under the Innovative Action category. Be sure to look closely at the Sustainable CT list of actions to determine the most appropriate place to submit your work. Criteria used to assess whether an action will be awarded points under this category can be assessed by [clicking here](#).

Potential Municipal and Community Collaborators

Municipal staff, community organizations, regional organizations.

Benefits

By being innovative you can meet the needs of your community most efficiently while helping to push the envelope of sustainability efforts across the state.

Credit for Past Action

- The action must be completed within 3 years prior to application submission.
