

## 2.6 Participate in and Promote the C-PACE Program

5 Points

10 Points

15 Points

20 Points

### Action Updates

This action has been revised for the **current certification cycle**. A version of this action from the prior program year is [available for comparison](#). Edits are highlighted in yellow. (Last updated 2020)

### Objective

Empower your community's commercial property owners to reduce energy consumption by making clean energy improvements such as energy-efficient boilers, upgraded insulation, new windows, or solar installations, with affordable, long-term financing from Commercial Property Assessment Clean Energy (C-PACE), a program of Connecticut Green Bank.

Complementary Action:

- [Benchmark Energy and Water Use for Multifamily Housing](#)

### What to Do

*The more you do, the more points you earn.*

1. Pass a municipal resolution to opt-in to C-PACE, sign a legal agreement with C-PACE, and post a link to information about C-PACE on your municipality's website. **(5 points)**

**Submit:** A certified copy of your municipality's legal agreement with C-PACE. Please also submit a screenshot of a link to <https://www.cpace.com/Building-Owner> on your municipality's website.

**Timeframe for Credit:** Eligible for new action credit. This action falls under the action type "Implementation Projects" (see ["Timeframe for Credit" Guidance Document](#) for submission requirements).

2. Encourage local building owners to access C-PACE financing by organizing an educational event, conducting educational outreach to individual property owners, or working with the Connecticut Green Bank on [outreach](#). **(5 points)**

**Submit:** Depending on the specific strategy or combination of strategies you chose, submit a list of the names of any education events and the dates that they were held or any other documentation that verifies your municipality's efforts to encourage local building owners to access C-PACE financing.

**Timeframe for Credit:** Eligible for new action credit and rolling credit. This action falls under the action type "Outreach, Education, Programs, Campaigns, Recognition/Designation in External Program, and Funding" (see ["Timeframe for Credit" Guidance Document](#) for submission requirements).

3. Earn credit for C-PACE projects approved by the Green Bank for commercial and industrial buildings undertaking clean energy improvements on their property. Municipalities with fewer than 5 projects may earn 5 points, and those with 5 or more projects may earn 10 points. **(5 or 10 points)**

**Submit:** A list of buildings approved for and closed on C-PACE financing. The list may be obtained by contacting the Connecticut Green Bank, taking a screenshot of projects listed on the Connecticut Green Bank's website, or you may submit any other list of relevant buildings.

**Timeframe for Credit:** Eligible for new action credit. This action falls under the action type "Implementation Projects" (see ["Timeframe for Credit" Guidance Document](#) for submission requirements).

## Timeframe for Credit

Actions can either be "New" or considered for "Rolling Credit."

**New Action Credit.** Any action completed within the past three years (from January 1 of the year seeking certification) is eligible for potential certification points. If you are applying for recertification in your year of expiration, you may not claim New Action Credit for items that previously received credit.

**Rolling Credit.** For any action older than three years (from January 1 of the year seeking certification), you must demonstrate ongoing, currently relevant, and meaningful impact in your community to be considered for certification points. If you are applying for recertification in your year of expiration, you must apply for Rolling Credit for any item that previously received credit, even if it was completed within the past three years.

View the ["Timeframe for Credit" Guidance Document](#) for detailed submission requirements.

## Engaging Partners

Sustainable CT encourages regional collaboration and other forms of partnership. For every action, please complete the "Partners" box in your submission, indicating the name(s) of any municipalities and/or organizations you partnered with (if any) and a brief description of your municipality's role. If you collaborate with other municipalities, each community will receive points. For additional information, please see the ["Partners Guidance Document"](#).

## Potential Municipal and Community Collaborators

Your municipality's legislative body, legal counsel, and community stakeholders, such as business owners, nonprofit leaders and multifamily property owners, should collaborate with the Connecticut Green Bank.

## Funding

If available, below are potential funding sources specific to this Action. For a complete listing of potential funding opportunities to assist with implementing Sustainable CT Actions, please visit the [Sustainable CT Grants Portal](#), which is searchable by Action. Please also visit the [Support for Your Town](#) page for opportunities for technical assistance and other supports.

- [Urban Act Grant Program](#)

## Resources

### *Toolkits, Calculators, Guidance Documents*

- [CPACE Resources for Municipalities](#), providing a Sample Municipal Resolution, Sample C-PACE Agreement, Program Guidelines and FAQs for Municipalities
- [Promote CPACE in Your Community](#)
- [The Community|EnergyVision Action Guide](#)

### *Organizations and Relevant Programs*

- [C-PACE](#)
- [Connecticut Green Bank](#)

## Benefits

Your community's commercial property owners reduce energy consumption by making clean energy improvements in local residential and industrial buildings, resulting in positive environmental impacts, reduced greenhouse gas emissions, and improved community health and economic well-being.
