

Provide or Mobilize Resources to Address Homelessness

Action Updates

This action has been revised for the **current certification cycle**. Edits are highlighted in yellow. (Last updated 2023)

Objective

Provide or mobilize resources to address homelessness within your municipality, regionally and/or statewide.

Complementary Actions:

- [Increase Public Support and Awareness for Efforts to End Homelessness](#)
- [Strengthen Municipal Workforce Capacity to Address Homelessness](#)
- [Collect and Share Homelessness Data](#)

Note: The United States Department of Housing and Urban Development (HUD) defines literal homelessness as follows: "Individuals and families who lack a fixed, regular, and adequate nighttime residence and includes a subset for an individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or a place not meant for human habitation immediately before entering that institution." "Unsheltered" refers to individuals and families who meet this definition and are not currently residing in a shelter. For more background on how HUD defines different categories of homelessness, click [here](#).

What to Do

1. Commit dedicated funding to directly address and prevent homelessness. Funding would ideally be directed as part of the municipal budget. Other funding pathways include grants that your municipality had a key role in obtaining, or through other fundraising, including crowdfunding. **(10 points)**

Strategies may include:

- Appropriating municipal funds towards a "homeless services" line item in the municipal budget to support flexible financial assistance, shelters, or other crisis services, shelter diversion staffing, compensation for those with lived experience of homelessness who participate in the municipal Task Force or in community conversations and public forums, or other uses identified in partnership with your region's Coordinated Access Network (CANs);
- Obtaining Community Development Block Grant Small Cities grants to fund staffing to Coordinated Access Network appointments and shelter diversion assistance;
- Obtaining block grant funding from the U.S. Department of Housing and Urban Development and allocate funds to Coordinate Access Networks and homelessness service providers;
- Securing Public Housing Authority units and/or voucher set-asides for individuals referred by the Coordinated Access Network; or
- Providing diversion and rapid exit funds to people experiencing or at imminent risk of homelessness in your region's Coordinated Access Network (CAN) or in Connecticut statewide.

Note: Any other raising of funds to be re-granted through this Action is not eligible for funding by the Sustainable CT Community Match Fund.

Submit:-A completed [worksheet 1](#) and additional documentation relevant according to the funding strategy, such as a copy of the municipal budget with the relevant line item funded, a letter notifying the municipality of the receipt of grant funds, a screenshot of the email altering your CAN contact and the Connecticut Coalition to End Homelessness of funds raised and a screenshot of your completed drive on your crowdfunding platform, or, in the case of vouchers and housing units, a copy of the municipalities Public Housing Authority Administrative plan.

Timeframe for Credit: Eligible for new action credit and rolling credit. This action falls under the action type "Outreach, Education, Programs, Campaigns, Recognition/Designation in External Program, and Funding" (see ["Timeframe for Credit" Guidance Document](#) for submission requirements).

2. Ensure that individuals experiencing literal homelessness within your municipality have locations where they can safely access services and stay 24 hours a day, especially in extreme weather. **(5 points)**

Strategies may include:

- In consultation with your regional Coordinated Access Network (CAN), identify and designate confidential space(s) and location(s) within the municipality where CAN appointments can be conducted; or
- Make available shelters, warming centers, overflow shelters, or drop-in centers. Special consideration should be given to transportation options to and from facilities and where individuals can access lockers and shower facilities; or
- Improve or initiate coordination with local domestic violence advocates and with domestic violence shelter systems, with support from your CAN; or
- Improve or initiate coordination with state and local social services departments, with support from your CAN.

Submit: A completed [worksheet 2](#).

Timeframe for Credit: Eligible for new action credit and rolling credit. This action falls under the action type "Websites, Maps, Inventories, Checklists, Assessments, Plans, Ordinances, Policies, Regulations and Resolutions" (see ["Timeframe for Credit" Guidance Document](#) for submission requirements).

Timeframe for Credit

Actions can either be "New" or considered for "Rolling Credit."

New Action Credit. Any action completed within the past three years (from January 1 of the year seeking certification) is eligible for potential certification points. If you are applying for recertification in your year of expiration, you may not claim *New Action Credit* for items that previously received credit.

Rolling Credit. For any action older than three years (from January 1 of the year seeking certification), you must demonstrate ongoing, currently relevant, and meaningful impact in your community to be considered for certification points. If you are applying for recertification in your year of expiration, you must apply for *Rolling Credit* for any item that previously received credit, even if it was completed within the past three years.

View the ["Timeframe for Credit" Guidance Document](#) for detailed submission requirements.

Engaging Partners

Sustainable CT encourages regional collaboration and other forms of partnership. For every action, please complete the "partners" box in your submission, indicating the name(s) of any municipalities and/or organizations you partnered with (if any) and a brief description of your municipality's role. For additional information, please see the Partners Guidance Document.

Potential Municipal and Community Collaborators

Key collaborators to implement this action include health and human services staff, faith-based and community organizations, public works, libraries, public housing authorities and neighboring municipalities.

For a complete list of funding opportunities, implementation resources, and success stories specific to this action, please visit the full Action write-up on the [Sustainable CT Actions webpage](#).
