The Chamber is located on town-owned property at a prime Main Street location which is leased to the Chamber at a reduced rate, including maintenance and upkeep. Space is available for the Chamber's use at other town facilities at no charge. The town's Economic Development office and Economic Development Commission work closely with the Chamber to sponsor, promote and partner on events and efforts to support local businesses, and to attract new businesses to the town. 4.2.3 (Dedicated arts & culture funding) None. 4.2.10 (Support arts & culture at library) None. 4.2.12 (Initiative supporting arts & creative culture) None.

Additional Information: 4.2.1 The Economic Development Director updates Old Saybrook's profile on the CT Visit website. 4.2.2 Old Saybrook actively promotes arts and cultural events on the Town's website, department websites, and links to department and Chamber of Commerce social media. The Town also permits the use of its electronic announcement signs for events sponsored by non-profit organizations free of charge. 4.2.3 Every year, Old Saybrook sets at least \$60,000 out of its town budget to fund The Kate, our local cultural arts center. An additional \$1+ million goes to Acton Library, much of which goes toward arts and culture events. 4.2.10 Old Saybrook works closely with Acton Public Library on many events. The library has a direct link to both its events calendar and its home page on the town website. The Town also promotes library events on the municipal electronic signs. 4.2.12 This mural project was initiated by a student and staff of Old Saybrook High School, involved the entire OSPS community, and was supported by the town.

Partners: The Town of Old Saybrook is a participating member of both sponsoring agencies: RiverCOG and RiverRAC.

Additional Information: 5.3.1 The Zoning Commission delegates its authority to the Planning Commission to act on any application for open space subdivision of land as a special exception. 5.3.1 The Town created a Conservation District that reflects uses solely allowed in certain areas and that are regulated in tandem with other uses throughout town. The Town exempts from permitting: sign for farm. Generally, the Town permits as-of-right: farm; farmers market (retail use); fish market primarily handling local catches; home /business occupation (garden, farm, fruit, produce and preserves); keeping of livestock/poultry; and roadside stand. The Town permits as special exception: agricultural nursery or greenhouse; private-community garden; dock, wharf, slip basin or similar landing facility for vessels or base operation engaged in processing or sale by commercial fishery or shellfishery; commercial tree cutting (forestry); commercial kennel or stable; livery, boarding stable or riding academy; and nature preserve or wildlife sanctuary. 5.3.5 The Town maintains a land acquisition fund and, as required by law, a separate fund account for fees-in-lieu of open space set-asides by the Planning Commission. There has not been a purchase on open space in the last couple of years, but the fund has been accruing interest.

5.4 Assess Climate Vulnerability

Effective through 10/1/2024, worksheet 2 5.4.1c_Natural Hazard Mitigation Plan_Adopted 10/2/2019, Special Consideration for Vulnerable Communities

Partners: The Town supported assessment of a priority climate vulnerability with a Study of "Long Term Recovery and Land Use Resiliency through Community Flood Resilience". The Town is a member and appoints a representative to the Lower Connecticut River Valley Council of Governments, the Town subscribes for these services as a member of the regional Council of Government, the Town hosted and participated in a handful of workshops the region conducted throughout the process of the study, and the Town actively used the partner-created study in its update of the Natural Hazards Mitigation Plan.

Additional Information: The Town expanded its assessment of natural hazards to consider how climate change might add to or exacerbate the natural hazards to which the Town would typically work to reduce or avoid long-term vulnerability--drought, extreme heat, increased precipitation and flooding due to sea level rise were included in the update to the Natural Hazard Mitigation Plan. To prioritize vulnerabilities listed in the NHMP, the Town charged an ad hoc committee to identify how the secondary impacts of climate change, generally, and sea level rise, specifically, might affect Old Saybrook's environment (coastal geologic processes, coastal plan and animal communities), community (culture, public health, recreation) and economy (private residences, public infrastructure, commerce and industry). The Town gave special consideration to economic risk and vulnerable populations in: the Town Center (low and moderate income residents); the Chalker Beach community (an example of an area geographically vulnerable to the impact of extreme weather events); and owners of historic homes in need for technical and financial assistance by older, retired, single/widowed and moderate-income property owners about how to make resiliency upgrades with building materials that respect the integrity of the historic structures).

Additional Information: 10.3.2 A "No Vaping" campaign took place during the 2019-2020 school year, spearheaded by several Old Saybrook High School students through their E3 group (Encourage, Empower, Engage) in partnership with Youth and Family Services (YFS) and the Old Saybrook Police Department (OSPD). The purpose of the campaign was to educate students and the public about vaping, and to override the widespread misunderstanding and misinformation that exists. It was anticipated that people would be less likely to vape if they were aware of the many negative consequences. Presentations were conducted in schools and for the general public. This campaign continues to this day with the E3 group who participated in the CADCA Conference in Washington, DC. Several events were held to provide education and discourage vaping: - Vaping education presented to 7th-12th grade students in health classes, Dec. 2019 and Jan. 2020 The E3 group has been working over the past few years on an anti-vaping efforts. One community awareness effort involved creating table-tents with facts about the hazards of vaping for restaurants to display. The E3 student group is continuing to discourage vaping and other substance use through a Social Hosting Campaign which encourages parents to publicly commit to providing a substance-free environment for their kids and friends by purchasing and displaying a blue garden flag in front of their home. Youth and Family has also participated in an environmental mapping and sign posting campaign which is outlined in the 10.3 write-up.
