

Sustainable CT Community Certification Report

This is the Sustainable CT Certification Report of Norwalk, a Sustainable CT gold certified applicant.

Norwalk was certified on October 01, 2025 with 965 points. Listed below is information regarding Norwalk's Sustainable CT efforts and materials associated with the applicant's certified actions.

Contact Information

The designated Sustainable CT contact for Norwalk is:

Name:	AMELIA WILLIAMS
Title/Position:	LAND USE PLANNER / PLANNING & ZONING
Phone:	203-854-7259

Actions Implemented

Each approved action and supporting documentation for which Norwalk was approved for in 2025 appears below. Please enjoy this opportunity to view and learn from the information and materials provided.

Notes: Submission content was created by Norwalk, and Sustainable CT makes no claims, promises or guarantees about the accuracy, completeness, or adequacy of the submission, beyond that an individual reviewer approved at least some elements of the action for certification. Further, standards for actions below may have changed, and the documentation listed may no longer satisfy requirements for that action. Finally, approved actions here may include some documents and descriptions in support of action elements that were not approved, in addition to elements that were approved. In preparing your own application, please rely only on the action write-ups for the current certification year to guide your submission. Please contact info@sustainablect.org with specific questions.

1. Inclusive and Equitable Community Impacts

1.1 Optimize for Equity – REQUIRED for All Certification Levels

40 Points

Approved Information: 1.1.1 (40 points)

Supporting Documentation:

WORD: [1.1 EQUITY TOOLKIT – NORWALK INDUSTRIAL WATERFRONT STUDY .DOCX](#)

PDF: [INDUSTRIAL WATERFRONT ANNOUNCEMENT](#)

PDF: [INDUSTRIAL WATERFRONT ANNOUNCEMENT SPANISH](#)

WORD: [1.1 EQUITY TOOL KIT - WALL STREET_4.1.DOCX](#)

WORD: [1.1 EQUITY TOOL KIT - 2022 MASTER TRANSPORTATION PLAN.DOCX](#)

PDF: [1.1 EQUITY TOOL KIT - MEADOW GARDENS MICROFOREST](#)

IMAGE: [MICROFOREST PROMO](#)

Documentation Details: 1.1 Equity Tool Kit: Industrial Waterfront Study 1.1 Equity Tool Kit: Wall Street Redevelopment 1.1 Equity Tool Kit: Transportation Master Plan 1.1 Equity Tool Kit: Microforest - Meadow Gardens I am still waiting on supporting documentation from partner organization

Partners: 1.1 Equity Tool Kit: Norwalk Route 1 Corridor Master Plan Study : Norwalk city staff served as the lead entity for the planning team which consisted of Jim Travers (Director, Transportation, Mobility and Parking), Garrett Bolella (Assistant Director, Transportation, Mobility and Parking), and Michael Ahillen (Project Manager, FHI Studio). The project team includes the Western Connecticut Council of Governments (WestCOG), the City of Norwalk, and the Connecticut Department of Transportation (CTDOT). FHI Studio is the prime consultant.

1.2 Participate in Equity Training – REQUIRED for Gold Certification

5 Points

Approved Information: 1.2.2 (5 points)

Supporting Documentation:

PDF: [1.2.2. LIST OF EMPLOYEES WHO ATTENDED](#)

PDF: [1.2.2 SLIDE DECK FOR TRAINING - RACIAL TRAUMA IN THE WORKPLACE](#)

PDF: [1.2.2 MUNICIPAL EQUITY TRAINING DESCRIPTION](#)

Documentation Details: 1.2.2 List of Employees who attended the training 1.2.2 Slide Deck of Training 1.2.2 Equity Training Description 5/2023 1.2.2 New Action Credit Municipal Staff participated in an optional equity training held by the Chief of Diversity, Equity and Inclusion Officer

Partners: 1.2.2 None

1.3 Develop and Adopt a Statement on Equity – REQUIRED for Gold Certification

20 Points

Approved Information: 1.3.1 (20 points)

Supporting Documentation:

PDF: [1.3 EQUITY STATEMENT - NORWALK PUBLIC SCHOOLS.PDF](#)

PDF: [1.3 MEETING MINUTES](#)

Documentation Details: 1.3 Equity Statement - Norwalk Public Schools: Shows the Equity Statement from the Norwalk Public School's website. 1.3 Meeting Minutes: Shows the adoption date and the formal adoption of the Equity Statement.

Partners: 1.3: None

2. Thriving Local Economies

2.1 Support Redevelopment of Brownfield Sites

45 Points

Approved Information: 2.1.1 (15 points) 2.1.3 (10 points) 2.1.4 (20 points)

Supporting Documentation:

EXCEL: [2.1.1.BROWNFIELDSINVENTORY.XLSX](#)

IMAGE: [2.1.2 MAP OF EXISTING AND POTENTIAL BROWNFIELDS SITES.JPG](#)

PDF: [2.1.2. BROWNFIELDS IN SONO.PDF](#)

PDF: [2.1.2.SUPPORTING DOCUMENT OF BROWNFIELDS IN NORWALK PDF](#)

PDF: [2.1.4. PRIORITY SITE - MANRESA ISLAND, LAND USE ANALYSIS REPORT.PDF](#)

PDF: [2.1.3 -DEEP GRANT APPLICATION - SOUTH NORWALK BROWNFIELD CLEANUP - 4-12-23](#)

PDF: [2.1.4 - PHASE II BROWNFIELD SITE ASSESSMENT](#)

Documentation Details: Attached is a list of the documented brownfields in Norwalk. This list is also included in the recently adopted Plan of Conservation and Development in detail.

<https://tomorrow.norwalkct.org/wp-content/uploads/Norwalk-Citywide-Plan.pdf> (Page 142 details about Norwalk's brownfields in the POCD.) Link for 2.1.3 Webster St Lot:

PDF: [2.4.4 BUSINESS EMERGENCY PREPAREDNESS](#)

Documentation Details: 2.4.1 New Action Credit. The City of Norwalk Hosts quarterly Roundtables. February 12, 2025 (Tourism Promotion and how to CT Visit) November 13, 2024 (Creative Industry Mixer) October 11, 2023 (Walkbridge Project) 2.4.2. Rolling Credit. Created Small Business and Main Street Programs. Implemented 1/1/2021 by Sabrina Church (Director of Business Development & Tourism). 4/2025: This is an ongoing program. 2.4.2 - Business Development Center - 3 Belden Avenue - We have full time staff that are seated in the Business Development Center. We also have our Director of Business Development and Tourism present at the Center on a rotating schedule weekly. - We host workshops and one on one technical assistance through the business development center 2.4.3. New Action Credit. Three community events that include business participation- Halloween Night Fair - October 28, 2023 & October 29, 2023 Holiday Extravaganza - November 25, 2023 Halloween Night Fair - October 26, 2024 Holiday Extravaganza - December 7, 2024 2.4.4: Emergency preparedness for businesses resources listed on Emergency Management website, available in English and Spanish: <https://www.norwalkct.gov/474/Safety-Library> PDF Attached 2.4.6 (20 points): Our Economic and Business Development department provides a monthly business newsletter, free business promotion through the Visit Norwalk website (<https://www.visitnorwalk.org/>), and offers free support for helping businesses find financing, real estate, and other start-up requirements through the "Norwalk for Business" website (<https://norwalkforbusiness.org/>). One on one business consulting: <https://norwalkforbusiness.org/support-for-your-business/technical-support/>

Partners: Ready.gov for emergency preparedness

Additional Information: In addition to the marketing and tourism promotion of South Norwalk, the City has a new Chief of Business and Economic Development. The Business and Economic Development Department has created a Small Business & Main Street Program that has a storefront improvement program, public art initiative and compacting trash bins that will all improve the area visually. These programs were developed recently by Sabrina Church who is the Director of Business Development and Tourism in Norwalk. Also attached are the advertisements for roundtables that were done with local business owners. Here is the link to the Small Business & Main Street program: <https://www.norwalkct.org/1881/Small-Business-Main-Street-Program>

2.5 Promote Sustainable Workforce Development

10 Points

Approved Information: 2.5.2 (10 points)

Supporting Documentation:

PDF: [2.5.2 KAB NORWALK NARRATIVE FINAL 4-24](#)

EXCEL: [2.5.2 WORKFORCE PROGRAM CT-DEEP REVISED TIMELINE 6-24](#)

PDF: [2.5.2 GREEN WORKFORCE DEVELOPMENT LAUNCH](#)

Documentation Details: 2.5.2 - Establish or support a sustainable jobs or green jobs training partnership: Launched May 29, 2025. <https://kab.org/planting-the-seeds-for-a-greener-more-beautiful-norwalk/NRP> and KAB will launch a Green Workforce Development Training Program to engage up to 20 participants facing employment obstacles like criminal records, homelessness, language barriers and inexperience. Together with partners providing vital community services, we can help residents gain forestry skills, knowledge and experience that earn future employment. Second, KAB and NRP will host a one-day, hands-on UniversiTREE training in Norwalk, inviting a range of local civic groups, as part of a week-long green workforce training. We will share national expertise in proper tree planting locations, native species, hazard tree mitigation, planting and maintenance, and engaging volunteers. Workforce trainees will receive in-classroom instruction and field experience under an ISA Certified Arborist, with a curriculum based on the ANSI 300 Tree Care Standards and Best Management Practices. We will provide an ANSI-based professional training guide and host a work-readiness job fair for green workforce hires.

Partners: Keep America Beautiful will be partnering on workforce development training and providing A digital toolkit and how-to guide instructing up to 169 Connecticut communities on sustaining planted trees, utilizing a green workforce, and scaling future efforts.

3. Well-Stewarded Land and Natural Resources

3.1 Provide Watershed Education

5 Points

Approved Information: 3.1.2 (5 points)

Supporting Documentation:

PDF: [3.1.2 2023 FAIRFIELD COUNTY RIVER REPORT](#)

Documentation Details: 3-19-2025 Update: Attached 2023 Fairfield County River Report: "Funding for the research presented here was generously provided by the City of Bridgeport, City of Norwalk, City of Stamford, Connecticut Department of Energy and Environmental Protection, Elizabeth Raymond Ambler Trust, Jeniam Foundation, Long Island Sound Futures Fund, Long Island Sound Study, National Fish and Wildlife Foundation, New Canaan Community Foundation, Norwalk Mayor's Water Quality Committee, Norwalk River Watershed Association, Town of Fairfield, Town of New Canaan (Conservation Commission), Town of Ridgefield, Town of Stratford, Town of Westport, Town of Wilton, Upwell Coffee, and Westport Shellfish Commission. Additional support was provided by the generosity of individual donors. We thank our funders for their continued support, without which this work would not be possible!" The program is current and active. The reports provided are used monthly during Shellfish Commission and Harbor Management Commission Meetings. ----- The attached 2022 Fairfield County River Report was done by Harbor Watch which is a research and education program located in Westport. The report was funded in part by the City of Norwalk and monitored bacteria levels in 16 river watersheds, including Farm Creek, Silvermine River, Norwalk River and Saugatuck River. As part of the Harbor Watch study and ultimately the drafting of the Fairfield County River Report, the public is involved throughout the process including the collecting, sampling and monitoring of the rivers. As stated in the report, 60 high school and college students were trained as part of the 2022 report, making it an excellent opportunity for public involvement in environmental protection and as an educational opportunity for young adults (and the entire public!) The program is current and active. The reports provided are used monthly during Shellfish Commission and Harbor Management Commission Meetings. 3.1.2. Rolling Credit, Citizen Science

Partners: Harbor Watch, Earthplace Inc., Westport, CT 06880

3.2 Create a Watershed Management Plan

30 Points

Approved Information: 3.2.1 (10 points) 3.2.2 (10 points) 3.2.3 (10 points)

Links to full documents: East Norwalk TOD: https://tomorrow.norwalkct.org/wp-content/uploads/2020/06/20200615_18500_ENW-TOD-Report_DRAFT_compressed.pdf DPW Drainage Manual: <https://www.norwalkct.org/DocumentCenter/View/11484/Final-Drainage-Manual---4-27-2017?bidId=> Norwalk Watershed Plans: <https://www.norwalkct.org/1267/Norwalk-River-Watershed> 3.2.1. Rolling Credit. Watershed Management Plan Inventory. No updates needed as of 4/1/25 (policy still current and relevant). 3.2.2. Rolling Credit. Regulation Review and Alignment with Watershed Protection Goals. No updates needed as of 4/1/25 (policy still current and relevant). 3.2.3. Rolling Credit. Action Plan. No updates needed as of 4/1/25 (policy still current and relevant).

Partners: The City of Norwalk provides financial and personnel support to the Norwalk River Watershed Initiative (NRWI) and personnel support the Saugatuck River Watershed Partnership (SRWP) and the Five Mile River Watershed Action Group (Action Group). The NRWI is a collaborative partnership between the seven watershed municipalities, regional, state and federal government stakeholders, non-profit groups, and interested individuals with the goal of improving conditions throughout the watershed utilizing public outreach & education and implementation of action items. The NRWI has had a watershed Action Plan in place since 1998 and the City continues to be an active and financially supportive member. The Saugatuck Watershed Partnership was led by The Nature Conservancy, which brought together a large group of watershed stakeholders to identify key resources in need of protection and specific actions to curb negative impacts on those resources. The Five Mile River Group, currently not active, was a partnership between the City of Norwalk and a watershed neighborhood group. When active, the group pushed monthly public outreach and education to all neighborhood residents. Collaboration and participation with all of these partners has allowed the City to work together in many ways to ensure our watershed resources are considered during large-scale and small-scale decision making by the City and its citizens.

Additional Information: The multiple maps submitted for 3.2.1 show multiple aspects of the Saugatuck River Watershed, Five Mile River Watershed and Norwalk River Watershed in Norwalk, including headwaters, aquifers, land use and land cover, soil type and sub-watershed. For regulation review, the watershed management plans had a big impact on the adoption of the 2017 Norwalk Drainage Manual which is administered by the Department of Public Works. In the attached 3.2.2 Regulation Review, excerpts are taken from the Drainage Manual that show that the goals and objectives of the policy are a result of the watershed management plans that are in place today. Plans that are soon to be adopted by Norwalk like the East Norwalk TOD plan also place an emphasis on decreasing the amount of impervious surface in the city, which can help to prevent pollutants from running off into the Norwalk River and even the Saugatuck River Watershed. Actions listed in the Saugatuck River Watershed Plan include water quality monitoring, reducing impervious surfaces, restoring riparian buffers and land protection. Throughout 2025 Norwalk has used the watershed management plan inventory and watershed management action plan. We have reviewed the inventory, plan, and our regulations for continuing relevance and the information is still current and relevant.

3.3 Engage in Watershed Protection and Restoration

35 Points

Approved Information: 3.3.1: Priority projects- monitoring and restoration (15 points) 3.3.2: Coastal protection regulations (20 points)

Supporting Documentation:

PDF: [3.3.2 ZONING REGULATIONS 25 FOOT MHW COASTAL BUFFER.PDF](#)

PDF: [3.1.1 - WATERSHED PROTECTION PROJECT PRESENTATION](#)

PDF: [3.1.1 FINANCIAL SUPPORT FOR NRW](#)

PDF: [3.1.1: 2023 HARBOR WATCH NORWALK WATER REPORT](#)

PDF: [3.1.1: 2024 HARBOR WATCH ANNUAL REPORT ACKNOWLEDGING SUPPORT](#)

PDF: [3.3.2 -NORWALK-BUILDING-REGULATIONS-ART6-SUPPLEMENTAL-STDs](#)

Documentation Details: 3.1.1: Watershed Protection Project Presentation 3.1.1: Financial Support for NRW 3.1.1: 2023 Harbor Watch Norwalk Water Report 3.1.1: 2024 Harbor Watch Annual Report acknowledging support 3.3.2 See 3.3.2 -Norwalk-Building-Regulations-ART6-Supplemental-Std: "All new construction, Substantial improvement and repair to structures that have sustained Substantial Damage shall be located at least fifteen (15) feet landward of the Coastal Jurisdiction Line," (Only buildable 15' landward of State mandated CJL).

Partners: 3.3.1 Norwalk River Watershed Initiative; Harbor Watch; The Southwest Conservation District (SWCD) 3.3.2 FEMA and CTDEEP (model language)

Additional Information: 3.3.1 Norwalk is home to three watersheds, each of which has its own action plan. The webpages for all three watersheds can be found linked here: <https://www.norwalkct.gov/1265/Watershed-Information> The Norwalk River Watershed Initiative and Norwalk River Watershed Association work in conjunction and have completed many projects. Two examples are the monitoring program with funding provided to Harbor Watch at Earth Place, see attached 2023 monitoring report and pg 2. of 2024 Annual Report acknowledging support (<https://earthplace.org/harbor-watch/projects/>) and habitat restoration (<https://norwalkriver.org/what-we-do-2/habitat-restoration/>) which included a large pollinators pathway project! All projects are still active and relevant as of 4/1/25. 8/16/2025: Current project with NRW/SWCD: "stormwater runoff reduction green infrastructure" - this is project lead by SWCD and NRW and partners with municipalities (including Norwalk) in the Norwalk River Watershed. The project engages college students in UConn's 'Environmental Corps' program to review and rank municipal sites that would benefit from green infrastructure. The students look for sites that could support green infrastructure, meet runoff reduction goals, and are located in a area where the site can be used to educate the public. See attached slide deck from the student's presentation in Spring 2024. The City of Norwalk's Principal Engineer, Stormwater Systems Manager and Senior Environmental Officer attended the presentation. These 3 staff continue to work with NRW to get the preferred site implemented - hopefully in the fall of 2025. This project aligns with the Norwalk River Watershed Plan's Goal E (non-point source runoff management) and Goal F (stewardship and education). The selected implementation location is identified in the Plan's Appendix D: Publicly Owned - LID/BMP Candidate Properties

3.4 Develop an Open Space Plan

30 Points

Approved Information: 3.4.1: Open space inventory (10 points) 3.4.3: Develop an open space plan that will prioritize acquisitions (10 points) 3.4.4.b: Open space fund (10 points)

Supporting Documentation:

Partners: 3.8.1.Education Projects: None 3.8.1a Distribute educational materials on LID practices on town website. <https://www.norwalkct.gov/1145/Low-Impact-Development> 3.8.2 Planning, Regulation and Policy 3.8.2a Include and encourage stormwater management and LID in POCD 3.8.2b Encourage LID in town regulations - link to zoning regulations here: https://www.norwalkct.gov/DocumentCenter/View/32460/Norwalk-Zoning-Regulations_Effective_2_19_24

Additional Information: Section 118-504E.2.d "Green Infrastructure" Norwalk is encouraging future projects to include low impact development which is a common theme in the 2019-2029 POCD. Attached are the relevant sections of the POCD as well as the business section of the zoning regulations which contains green infrastructure incentives for development such as green roofs, rain gardens, solar panels, etc. These regulations were updated as recently as June 2019. The city is also in the process of developing a transit-oriented development zone along East Avenue, near the East Norwalk Train Station, which will include more green and low impact development incentives. We hope to include that accomplishment in our next submission to Sustainable CT as we work towards our goal of sustainability. Low impact development is encouraged on Norwalk's Conservation Department page as well, which includes how households can implement ideas like rain barrels, rain gardens and permeable pavement to increase the amount of natural infiltration of precipitation and reduce runoff. Alexis Cherichetti is our Senior Environmental Officer and has done a tremendous job of informing residents of easily implementable conservation techniques. In 2025 these regulations are still relevant and used by Norwalk as evidenced in our current zoning regulations and up-to-date webpage.

3.9 Manage Woodlands and Urban Forests

Documentation Details: Norwalk Tree Alliance NEW webpage: <https://norwalktreealliance.com/> Norwalk Tree Advisory Committee page: <https://www.norwalkct.org/1068/Tree-Advisory> Update: Supporting documents have been uploaded including NEW tree ordinance, city staff tree summit meeting to better coordination between departments, and a recent agenda of the Tree Advisory Committee showing updates to the tree planting program is underway. 3.9.1. Rolling credit. Established a Forestry Advisory Committee (FAC) 3.9.2. Rolling credit. Forestry Advisory Committee accomplished tasks: a. Canopy Cover Assessment - Worksheet Attached b. Policy Review - Worksheet attached c. Tree Inventory - (Sample attached) d. New: 2025 Master Tree Management Plan: <https://www.norwalkct.gov/3649/Tree-Master-Plan> 3.9.3 Best Practices - Worksheet attached

Partners: Norwalk Tree Alliance: <https://www.thenorwalktreealliance.com/> The Norwalk Tree Alliance is not a committee appointed by the Mayor but works directly with the City as volunteers to promote healthy trees in Norwalk.

Additional Information: Update: The City of Norwalk has updated the Tree Ordinance and plans to start updating supporting documents mentioned below. The City also held a Tree Submit Planning Meeting to support these on going efforts. Department of Public Works Tree Summit Planning Meeting held 5/21/2021 where important stakeholders (city officials, non-profits, common council members, TAC) within the city gathered to discuss the management of trees and the future of trees within Norwalk. The goal was to establish understanding of tree management within each stakeholder and create better communication of tree management through out the city. Throughout 2024 Norwalk has reviewed the Tree Management plan for continuing relevance and the information is still current and relevant. (3.9.2d)

PDF: [3.11.2A - PESTICIDES - CITY ORDINANCE](#)

PDF: [3.11.2A - RUTGERS ORGANIC LANDCARE BEST PRACTICES MANUAL](#)

Documentation Details: 3.11.2a: Ground treatment BMP: Therefore, the City of Norwalk hereby creates this article to promote a healthy environment that protects its residents, waterways, and wildlife from the risks inherent in pesticides by prohibiting or restricting their use on all City-owned public grounds, including but not limited to, parks, beaches, trails, recreation centers, and playgrounds. ORGANIC LAND MANAGEMENT — Refers to a problem-solving strategy that prioritizes a natural, organic approach to turfgrass and landscape management and care of trees and shrubs without the use of A. The City of Norwalk recognizes that the health and safety of its residents is of paramount concern and that high standards for the promotion and protection of the health and safety of the people must underlie municipal action. It is also in the best interest of the City and its residents to protect the ecological integrity of the Long Island Sound and Norwalk's rivers and streams and to improve and protect water quality throughout the region. B. Pesticides necessarily contaminate soil microbiology, plant life, wildlife, marine species, groundwater, rivers, and water wells. These lethal chemicals blindly kill and make no distinction between the unwanted pests and beneficial insects and healthy organisms. Many of these beneficial insects can help limit unwanted pests on properties where organic land management practices are used. C. Pregnant women, children, and pets are particularly vulnerable to the adverse health effects of pesticides, including cancer, respiratory, endocrinological, and neurodevelopmental disorders. Existing federal and state regulation of pesticides does not and cannot guarantee their safety. Fortunately, there are numerous effective and safe alternative solutions, as well as best property practices, that can be employed for sustainable lawn, soil, land, garden, and tree care. D. Therefore, the City of Norwalk hereby creates this article to promote a healthy environment that protects its residents, waterways, and wildlife from the risks inherent in pesticides by prohibiting or restricting their use on all City-owned public grounds, including but not limited to, parks, beaches, trails, recreation centers, and playgrounds. City of Norwalk, CT § 77A-1 PESTICIDES § 77A-2 Downloaded from <https://ecode360.com/NO0086> on 2025-04-07 § 77A-2: Definitions: ORGANIC LAND MANAGEMENT — Refers to a problem-solving strategy that prioritizes a natural, organic approach to turfgrass and landscape management and care of trees and shrubs without the use of pesticides. It mandates the use of natural, organic practices that promote healthy soil and plant life as a preventive measure against the onset of turf and landscape pest problems. <https://ecode360.com/39161867#39161908> Staff follow the guidelines in the Rutgers Organic Land Care Best Practices Manual for managing turf, trees and shrubs on City property: <https://www.princetonj.gov/DocumentCenter/View/9831/Rutgers-Organic-Land-Care-Manual--PDF->

<https://www.norwalkct.gov/1795/Norwalk-Arts-Commission> 4.2.7. Rolling Credit, Streamline permitting for

public events. - We have an online events permitting system. It was implemented 3 years ago. It was

implemented as a result of difficulties identified by the public with departments involved. The system now

streamlines the process and automatically send application to all relevant departments and also notifies the

applicant. <https://specialevents.norwalkct.org/> 4.2.8 - NEW: The State of Connecticut ratified the City of

Norwalk's cultural district in October 2024. The district covers Norwalk's urban core. This was done

purposely as the majority of our cultural assets are located within the urban core. The district also had to be

walkable, which is true for the urban core. We also wanted to combine resources in these areas as they are

the most densely populated and contain most of our commercial and mixed-use housing assets.

[https://portal.ct.gov/lt-governor/news/press-releases/2024/october/norwalk-cultural-district-designation?](https://portal.ct.gov/lt-governor/news/press-releases/2024/october/norwalk-cultural-district-designation?language=en_US)

artists can display their art. One is called the People's Gallery. There is also a gallery on the third floor of City

Hall that specifically displays youth artists. <https://www.norwalkct.gov/1797/City-Hall-Galleries>

Partners: 4.2.1. Poet Laureate. (none) 4.2.2. Marketing of arts and culture on website. (none) 4.2.3. Funding of arts per municipal budget. (none) 4.2.5. Established Arts Commission. (none) 4.2.7. Streamline permitting for public events. (none) 4.2.10a. Art and Culture Events held at local Norwalk Library (none)

Additional Information: The Norwalk Arts Commission is the leader in promoting arts and culture throughout Norwalk. The Arts Commission appointed Norwalk's first Poet Laureate in 2017, Laurel S. Peterson, and our current 2024 Poet Laureate is Bill P. Hayden. Norwalk promotes Arts and Culture through the Arts Commission page on the City website, which is a very active Commission in Norwalk. The Mayor has recommended that the MLK Blvd art project be fully funded for this upcoming fiscal year. The Arts Commission did not request any capital budget funds for the previous year, but will be funded for this upcoming fiscal year. Norwalk has also streamlined the permitting system for public events by holding meetings where anyone from the public that is looking to hold a public event can have their application signed off by all relevant departments. These meetings are set up by the Mayor's office and have a representative from the Planning and Zoning, Police, Fire, Public Works and Building departments attend.

This prevents members from the public from having to travel from city hall to the police department and then to the fire department which are all in separate buildings.

5. Dynamic and Resilient Planning

5.1 Integrate Sustainability into Plan of Conservation and Development

25 Points

PDF: [FINAL NORWALK COMMUNITY RESILIENCE BUILDING SUMMARY OF FINDINGS MAY 2022.PDF](#)

Documentation Details: 5.4.1. Hazard Mitigation Plan. 2021. 5.4.2. Community Resilience Workshop. 2022
2025: The Resilient South Norwalk report and feedback from the Climate Resilience workshop is still relevant as we continue to use both for planning and economic development. One example is the development of a microforest with community members and partners in this area to help increase tree canopy, green space, and alleviate heat island effect, air pollution/asthma, and flooding issues. Council Approval included in attached minutes.

Partners: We are part of West COG's Regional Hazard Mitigation Plan Norwalk partnered with UConn's Climate Corp for the community resilience workshop Microforest Project: Norwalk River Watershed, Norwalk Land Trust

Additional Information: Norwalk is a coastal community and is therefore vulnerable to sea level rise caused by climate change. Therefore vulnerability and resiliency were important topics throughout the 2019-2029 POCD and include drafting a climate action plan specific to Norwalk in the future. The Planning and Zoning Office has adjusted its staff to include a Land Use Planner to work on environmental issues facing the city and the department has taken many steps towards sustainability through regulation changes created by the Director of Planning and Zoning. The final report was delivered in November 2023 and the HMP cited consistent and increased flooding on Water St in South Norwalk which was a large focus of the Resilient South Norwalk Project. https://tomorrow.norwalkct.org/wp-content/uploads/2022/12/Resilient-SoNo-Final-Report_11.30.23.v2.pdf

PDF: [6.2.1 NORWALK-PARKING PLAN FINAL-PRESENTATION-12-22-19-PPT-2](#)

PDF: [6.2.2A - WALL STREET ANGLED PARKING](#)

Documentation Details: 6.2.1 - Conduct a parking needs assessment. 6.2.2a: Back In angled parking was implemented on Wall Street to increase parking capacity Rolling; 6.2.2.b Fee in lieu of parking is on page 11 and the parking exemption for downtown properties is on page 7. Additional documents proof of continued implementation of action: 6.2.2b. EVTZ parking regulations - see preamble of the zone on page 2 " Minimize land area for surface parking and establish parking requirement that support transit and provide appropriate levels of residential parking on site" 6.2.2b. implemented project - Most recent project approved in the East Norwalk Village TOD Zone - 1 Cemetery Street a mixed used development of 77 residential units with restaurant and retail spaces used parking reductions and limited paved area. (see approved resolution of the project) 2025: Norwalk continues to incorporate these policies. As Norwalk is in the process of updating the zoning regulations, parking minimums have been reduced in the downtown areas of the city which include South Norwalk and the Central Business Design District along West Avenue and Wall Street. The Planning and Zoning Department is also working on an East Norwalk Village Transit Oriented Development District (EVTZ) which will contain shared parking between adjacent properties. Norwalk has reduced minimum parking requirements from 2.0 spaces per residential unit in a multifamily dwelling to 1.3 parking spaces per unit. In the downtown areas the city has also reduced the parking minimums from 1 space/200 square feet of retail space to 1 space/1000 square feet of retail space. Also in the South Norwalk Business District and Central Business District, if the required parking cannot be physically met, a fee-in-lieu of parking can be paid to the city. The city then uses these funds to provide parking in parking garages that are strategically located in the downtown areas of Norwalk. Properties in Norwalk that are in the downtown areas and within 1000 feet of a public parking facility are also exempt from providing parking. 6.2.2.b. Rolling Credit. Promote Effective Parking Management. 2019. New EVTZ regulations effective 2022. All parking reduction regulations are current and in effect as of 2023.

Partners: None.

6.5 Promote Public Transit and Other Mobility Strategies

Partners: Transportation, Mobility, and Parking in conjunction with the Bike Walk Commission. 6.5.3: CTDOT

Additional Information: Norwalk's Transportation, Mobility and Parking Department is in charge of implementing improvements to mobility within Norwalk. Projects include sidewalk widening, bike lanes and sharrows and designing complete streets. Norwalk existing conditions encompass an array of multi-modal transportation opportunities including buses, commuter rail, interstate highway, local street, multi-use trails and bicycles facilities. However, Norwalk suffers from local bottlenecking due to construction and high traffic congestion. The spill over from Interstate 95 can often intensify these issues. Norwalk has potential to resolve these issues as we head into the future by creating accessibility and link between for all modes of transportation. The Transportation, Mobility and Parking Department has implemented a Transportation Management Plan which is linked in the documentation details (the pdfs of the plan are at the bottom of the linked page). The Norwalk Bike Walk Commission has also implemented Norwalk's Pedestrian Plan. The goal of the plan is to increase the walkability in Norwalk which will lower traffic and increase pedestrian safety. The Bike Walk Commission also implemented the Norwalk Pedestrian & Bikeway Transportation Plan in 2012 (the plan is also linked due to being too large to attach). 8/2025: Both our community mobility needs assessment and pedestrian plan are still relevant and used by our municipality, specifically our Transportation, Mobility, and Parking Department and our Bike/Walk Commission. The documents are used as a guide and aid in decision making.

Documentation Details: 9.4.1 and 9.4.2 Rolling Credit. Continue the Food Scrap Recycling/Composting Program that took effect 7/1/2020. Link to current compost webpage: <https://www.norwalkct.gov/2085/Composting> (2024) (2025)

Partners: 9.4.1 and 9.4.2 (composting): None

Additional Information: Norwalk is excited to announce the implementation of the food scrap recycling program, effective July 17, 2020! Food scraps can be brought to the Norwalk Transfer Station or the Rowayton Community Center for disposal in an effort to reduce the amount of food that ends up in a landfill, which will reduce the amount of greenhouse gases emitted by food waste. Residents can purchase composting starter kits and bags from the city which they can then begin to use to collect their food scraps. By implementing this program, the city will be able to create compost and improve the environment.

PDF: [11.2.1 AFFORDABLE HOUSING APPEALS LIST 2023](#)

PDF: [11.1 2024-AFFORDABLE-APPEALS-LIST-FOR-ON-LINE-V2](#)

Documentation Details: The City of Norwalk has increased the percentage of affordable units in the city from 11.83% in 2014 to 12.75% in 2018, to 13.15% in 2019 and now to the most current 13.34% in 2023. Norwalk increased its affordable housing percentage from 12.75% in 2018 to 13.34% in 2023. Norwalk revised its Workforce Housing Regulations in 2021 that requires that any construction of multifamily or mixed-use developments containing 3-9 units include workforce housing units or include an inclusionary zoning fee of \$10.00 per \$1,000 of residential construction cost to be paid into a fund to be used to construct, rehabilitate, or repair affordable housing. Construction of multifamily or mixed-use developments containing 10 or more units shall designate a minimum of 10% of all units as workforce housing units (%60 SMI). The city allows flexibility for developments to use %80 SMI and apply an inclusionary fee. This will allow the city to further expand the amount of newly constructed affordable units in Norwalk which are in high demand. Another theme in the 2019-2029 POCD is to provide diverse housing options and to encourage mixed-income developments in the city. Given the housing shortage that is nationwide, Norwalk's Planning & Zoning and Fair Housing Departments have been very proactive in providing equitable housing options for all income levels, and the city is continuing to provide affordable housing units. In addition, the city has recently formed and Ad Hoc Committee All documents attached are submitted for 11.2.1 and 11.2.2 11.2.1. Rolling Action Credit. Affordable Housing Appeals List. 2022. 11.2.2. Rolling Action Credit Increased Affordable Housing. 2019. 2025: Affordable housing Plan: https://tomorrow.norwalkct.org/wp-content/uploads/2025/01/Norwalk-AHAP_2025-01-10.pdf

Partners: None.

Additional Information: 11.2.3: Commit dedicated funding to affordable housing development. The operating budgets are large files so in lieu of attaching, the links can be found below with relevant page information to funding affordable housing development. 2023 Fiscal Year: From page 14 of the PDF- the city will commit \$1.5MM in funding to Housing-related efforts. These efforts will include an Affordable Housing Plan, a residential façade program for owner and renter occupied homes, and a low-interest loan program to support low-income residents with housing improvements. From page 32 of the PDF- \$359,389 of the capital budget was allocated to affordable housing, and increase from \$250,000 in 2022. <https://www.norwalkct.gov/DocumentCenter/View/28307/FY2023-Final-Approved-Operating-Budget-Book> 2025 Fiscal Year: From page 31 of the PDF- the RDA was awarded a \$6 million Community Challenge Grant from the State of Connecticut Department of Economic and Community Development to design a TOD project at the South Norwalk ("SoNo") Train Station. After working with the community on master planning the west side of the train station, the TOD project will include affordable housing, community amenities and improved connectivity to the train station. From page 32 of the PDF- \$120,000 Affordable Housing Plan will be undertaken with anticipated completion in calendar year 2025. <https://www.norwalkct.gov/DocumentCenter/View/33747/FY2025-Approved-Operating-Budget-Book>
