Clinton provides education to residents and local businesses to improve pollinator habitat

A presentation on Pollinator Pathway Gardens was hosted by members of the Beautification Committee, the Conservation Commission, and two Master Gardeners. The presentation covered the importance of pollinator pathways, how to create one, and how homeowners can support pollinators by mowing less and encouraging native plant growth.

Supporting arts and creative culture: a Clinton Success Story

Clinton established a Poet Laureate, included arts and culture in social media and publicly available municipal marketing, established an arts council and an arts district. The Clinton Arts District was established in 2019 to “enhance a culture of arts; to create universal access for Clinton artists and cultural arts organizations; and to contribute to the vibrancy of the area in a collaborative and supportive arts community.”
