Windham in the Community Match Fund: Community Waste Diversion

Windham’s Community Waste Diversion Initiative expanded outreach through community advocates and worked with event organizers and businesses to develop waste diversion policies in the community. They’re building a closed-loop alternative food system that minimizes food waste from in the community and provides resiliency within the food system to mitigate the impact of climate change.

Providing watershed education: a Windham Success Story

Windham's Drought Restriction Ordinance effectively details staged response plans and emergency conservation measures to drought conditions in the community, and the town's Water Supply Plan is an exemplary form of supporting documentation that can serve as a model to other communities. These efforts not only contribute to cleaner water sources but also promote environmental awareness and sustainable practices.

ABOUT Sustainable CT

Local Actions. Statewide Impact.®

Sustainable CT is a free, voluntary certification program that supports and recognizes thriving and resilient Connecticut municipalities. An independently funded, grassroots effort, Sustainable CT provides a wide-ranging menu of best practices. Municipalities choose Sustainable CT actions, implement them, and earn points toward certification.

Sustainable CT also provides opportunities for grant funding through its **Community Match Fund program** to help communities promote economic well-being and enhance equity, all while respecting the finite capacity of the natural environment. The program is designed to support all Connecticut municipalities, regardless of size, geography, or resources.
